MEDICINAL.

Young Matrons

Who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. As a preservative of health and beauty Doctor Pierce's Favorite Prescription has been hailed by women as "a God-send" to their sex. It gives the strength and health upon which motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been as well for five years as I now am. In July last I had a baby boy, weight 11 pounds, and I was only sick a short time, and since I got up have not had one sick day. I have not had any internal trouble since I got up. I was not only surprised myself but all of my friends here are surprised to see me so well."

Dr. Pierce's Medical Adviser, every woman's friend, is sent free on receipt of stamps to pay cost of mailing only. Send at once ten stamps for book in paper covers, or 31 stamps in cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

WIRELESS TELEGRAPH SIGNALS. Communication by wireless telegraphy was established between the Nantuxet lightship and the Lucania, the incoming steamship of the Cunard Line, at 6 o'clock yesterday evening. Thus in effect many hours were cut from the ocean voyage between Europe and America. Long before they sighted land the Lucania's passengers were acquainted with the world's news of the present week. At the Nantuxet wireless telegraph station the instrument, between 5 and 6 p. m., recorded the signals that were being sent out from the lightship searching for the Lucania. Finally about 8 o'clock it was demonstrated that the two vessels were in communication. To make absolutely certain their circuit was temporarily broken to ask the lightship if the Lucania had been heard from. The answer came back that the big Cunard liner had been reached. From that time until 9:40 messages were sent in a stream from the Lucania. There was occasional interruption for adjustment, but in a way it may be said that the conditions were favorable and that communication for nearly four hours was unbroken. From the Nantuxet Lightship to the Lucania was sent a summary of the events of the world that had happened since the steamship left the other side. It is not difficult to imagine the enthusiasm which this aroused among the passengers who were fortunate enough to take part in the inauguration of this new service. The Lucania left the shores of Ireland Sunday morning. The passengers were kept in communication with the world ashore by this mysterious agency of the air until Queenstown had dropped below the horizon. When the thread was taken up again yesterday evening the Lucania had 200 miles of ocean to travel before reaching her pier in the North river. Frequent tests made from 8 o'clock in the morning showed that the instruments ashore and aboard the lightship were in good working order. Communication was maintained easily and regularly through out the day and long messages were exchanged. Among these were the final instructions in regard to the order in which messages from the Lucania should be received and the messages to her sent.

MR. JOSEPH E. WILLARD.—Mr. Joseph E. Willard, who has received the nomination of lieutenant governor on the democratic State ticket of Virginia, is identified with this city on account of his large property interests. Since the death of his father, Mr. Joseph C. Willard, some four years ago, Mr. Willard has had an office in this city, coming here each day or two from his home at Fairfax Court House, Va. He has improved various pieces of his property, especially those in the business section, by the erection of buildings, the first structure built by his direction being the office building at the northwest corner of 14th and F streets. He also erected the building leased to the Union Trust and Storage Company, on F street near 14th. His largest undertaking of the kind is the new Willard Hotel, which is now near completion. It is understood that the building now being erected, without counting the cost of the ground, will call for an expenditure on the part of Mr. Willard of about \$1,000,000. This enterprise, as an investment of one individual, may be regarded as of large proportions, even in its present condition, when only a little more than one-half of the structure as proposed has been built.—[Washington Star.]

Dr. Bull's Baby Syrup for teething babies. Full-size bottle, 10 cents. Cures Wind Colic, Diarrhoea, Loss of Sleep, Griping Pains, Sour Stomach, Fever, Cholera Infantum. Dr. Bull's Baby Syrup also promotes the digestion and soothes the baby. Sold by Richard Gibson and all druggists.

To accommodate those who are partial to the use of steamers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

Don't be satisfied with temporary relief from indigestion, Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it follows the tired stomach perfect rest. It follows the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

GREATEST LABOR UNION.—The New York Press says: "J. Pierpont Morgan has planned the greatest labor union of the age—a union of labor and labor's ally, capital. According to his plans, stock of the United States Steel Corporation, valued at several millions of dollars at par, has been held for the purchase at inside figures by the 165,000 men employed by the companies that make up the great steel trust. 'It is contemplated to form this co-partnership between the shareholders and the United States Corporation.'"

A Minister's Good Work. "I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick over a week, and two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by Richard Gibson, druggist.
